On the cover: Snow King Apartments, Jackson

The Wyoming Community Development Authority (WCDA), USDA Rural Development (USDA RD), the U.S. Department of Housing & Urban Development (HUD), and the local housing authorities have collaborated to create "Wyoming's Affordable Rental Housing Directory" for 2010. The Directory is an effort to provide easy access to a single list of affordable rental housing available to Wyoming's families.

The WCDA, HUD, and USDA RD finance multi-family apartment complexes throughout Wyoming to provide affordable housing for persons with very low, low, and moderate incomes. The majority of the units listed in this directory are funded through one or more federal subsidies; and therefore, have maximum income limit restrictions as an eligibility requirement.

For specific questions about the units, such as income limits and availability, please call the local manager at the number provided.
