Certified Radon Service Providers (RSP). The listed RSP has met the listed agency's criteria for certification, completed required Continuing Education Courses as specified by their certification agency and
Radon Certification Agencies are: NRPP (**http://aarst.org**) and NRSB (**http://nrsb.org/**). It is highly advised that consumers check with the RSP to verify current certification status. Certifications are valid for

Non-Certified Radon Service Providers. The listed RSP has completed an accredited Radon training course conducted by one of the following Radon Training Centers:

a. Radon Training Course website: **http://www.radoncourses.net/**
b. EPA Accredited Radon Training Centers website: **http://www.epa.gov/radon/rrtcs.html**
c. Radon.com Radon Training Centers website: **http://www.radon.com/radon/radon_training.html**

Radon Service Providers in this category are not certified by either NRPP or NRSB. Though not certified, they have completed an accredited training course and their Course Completion documentation is c

Certification and Course Completion Certificates. Though not required, it is highly encouraged that all RSPs' conducting business in Wyoming be certified by NRPP or NRSB. Wyoming has no law
Mitigation Service Providers.

In order to be listed on the Wyoming Radon Program website, an RSP doing business in Wyoming must be certified by NRPP, NRSB or properly trained by successfully completing an accredited U.S. E
course, have passed the required written examinations in Measurement and Mitigation and receive a Course Completion Certificate from one of the U.S. EPA accredited Radon Training Agencies listed above a
with the Wyoming Radon Program. In addition, each company/person listed on the website must supply annual statistics (in January) to the Wyoming Radon Program for the previous year. Failure to do so will
Listing of any company/individual is at the sole discretion of the Wyoming Radon Program.

This list is provided as a service to the RSP and the Wyoming public by the Wyoming Department of Health, Radon Program. It does not represent an endorsement by the WDH of companies, products, services, efficacy, efficiency, compliance with local building codes or any applicable national, state or local standard. This list is for informational purposes only and is not all inclusive.
