You

Are <u>So</u> Important

You are so important to so many people…

Tell me who all those people are!

All of us want you to be…

Happy

Healthy

Loved

Safe

Secure

Protected

Tell us what might happen to take these things away from you??

If something does happen …what are you going to do???
(Tell us so we can help…right?!?!?)

All the people who know how important you are will listen to you.

Talking to us is the right thing to do so we can help you.
