CHIPRA Quality Grant 2011

Medicaid and Children's Health Insurance Programs: CHIPRA Quality Demonstration Grants, "Children's Health Insurance Program Reauthorization Act of 2009 (CHIPRA)": Section 401D, HHS-2010-CMS-CHIPRA-002, and CFDA 93.767

CHIPRA Grant Collaborative Aim

Improve clinical, functional and cost outcomes, home and community-based service access, and family and youth resiliency through implementation of State goals.

Wyoming State Collaborative Goals

Departments of Corrections, Education, Family Services, Health, Workforce Services

1. Develop a Care Management Entity (CME) model for Wyoming (Category C)
2. Implement a CME approach to serve 100 high-utilizing and/or at risk for high-utilizing Medicaid and SCHIP children (Category C)
3. Ensure the CME utilizes or interfaces with WY's THR for health home and electronic health record functions (Category B)
4. Identify psychotropic prescribing practices for 100% of youth who may be served through the CME (against too much, too many, too young) (Category E)
5. Ensure psychotropic prescribing practices for 100% of youth served by the CME (against too much, too many, too young) (Category E)
6. Evaluate impact of CME on clinical, functional and cost outcomes, access to home- and community-based services, and family and youth resiliency (Category C)

Wyoming Timeline Highlights

2010 Summary		The planning stage included stakeholders monthly Steering Committee meetings which developed CME, Health Information Technology (HIT), and Psychotropic Medications Subcommittees; completed CMS final operating plan; developed Center for Health Care Strategies (CHCS) project planning tool; released the National Evaluator's logic model; held CMS and CHCS 3 state collaborative conferences; completed technical assistance and training with stakeholders.
