Third Quarter Performance Payment

The Mental Health and Substance Abuse Services Division will pay the third quarter performance payment upon approval of an invoice submitted to Laura Griffith, Treatment Manager.

Providers are asked to submit an invoice of mental health and substance abuse hours of service provided July 1, 2009, through January 31, 2010. Hours of service should be reported for each type of service, that is, broken out by mental health service hours and substance abuse service hours.

Invoice payments will be made when service hours meet or exceed those required for the third quarter installment. Fourth quarter payments will be made when service data has been loaded into WCIS and performance target analytics are derived.

If invoices are received and approved by February 18, 2010, payment will be made in February. Invoices received and approved after February 18, 2010, will be paid the following month.
