Back to the Basic EMS Conference

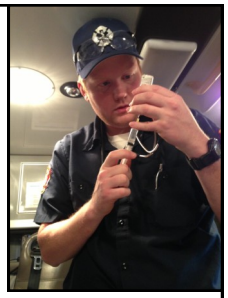
600 E Carlson St
Suite 101
Cheyenne, WY 82009

Phone: 307-634-8533
Fax: 307-634-8584
E-mail: CheyenneMHC@emsc.net

Back to the Basics EMS Conference has been designed to provide the EMS provider an opportunity to enhance their skills and knowledge of medical assessment, care and treatment. These skills will assist the provider in continuing their growth as a clinician and to be an excellent care provider.

As the name suggests, we will provide educational material based off the "Basic" skill set needed to care for our patients. We will take these "Basic" skills and build on them.

Payment



Payment can be submitted with your registration or by phone.

We will be accepting Credit Card and Checks.

Contact Alicia at 307-634-8533 for credit card payments.

Skills Room

On Friday and Saturday during conference hours will have a skills room available. In this area we will have stations set-up to let you drop in and get signed off on needed skills for

The Conference will be held at the Laramie County Fairgrounds in Building M.

3967 Archer Parkway, Cheyenne, WY 82007

From Cheyenne head east on I-80, exit at the Archer Exit #370 and head south. After the roundabout the Fairground entrance will be on the left.

Pre-Conference

We will be holding three Pre-Conference Sessions. These sessions are included in your registration fee.

Session A—Auto Extrication for the Medical Provider

This session will provide the Medical Provider with a basic understanding of auto extrication and how to safely operate at an extrication scene. PPE is required. Class size limited to 20 students. This session will be held at Laramie County Fire District #2, Station 1, at 5800 North College Dr., Cheyenne.

Session B—Difficult Airway

This session will provide the Medical Provider the skills necessary to handle the difficult airway. You will learn tips, tricks and skills to master your most difficult airway. This is a very "hands on" class. Open to EMT's as well as paramedics as this class will help the EMT assist with the difficult airway. Class size 20 students.

Session C—National Registry Transition Course

This session will provide the Medical Provider with required topic matters needed to meet the required material to Transition from an EMT-Basic to EMT and from a EMT-Paramedic to Paramedic under the new NREMT guidelines.
