

Retinopathy of Prematurity

Children's Special Health Parent's Sheet

Description

Retinopathy of Prematurity (ROP) is a pathological process that occurs in immature retinal tissue and can progress to retinal detachment or can result in blindness. The normal pattern of progressive blood vessel growth within the retina is interrupted by premature birth.

What services will CSH cover?

- Only **providers** listed on the Eligibility Letter will be paid
- **Labs/Tests** must be performed by a Wyoming Medicaid provider
