

TRAUMA COORDINATORS**& REGISTRARS****APRIL 1ST, 2011***Registry Trainings –Advanced & Basic Classes*

Touching base with the Trauma Coordinators and Registrars of Wyoming!

Spring is in the air and the new year is just beginning! To celebrate, we will be traveling the State holding several Trauma Registry classes.

One of our goals this year will be to have every hospital in the State up and running on the patient registry site. This may be our only training this year where we have Craig Rees from

ImageTrend to assist us, so please try to attend, especially if you are having a difficult time with registry input.

with the opportunity to increase your report writing skills and give you greater insight on how to

Spring in Wyoming! Guess where?

use that information you have so diligently put into the data base.

Do you have

The majority of you have been doing a great job with your data! These trainings will provide you

any specific questions or requests for these trainings? Since we will have Craig's ear and expertise,

Trauma Program Coordinator Class Save the Date!!

Many of you have requested that we hold a class specifically designed for our Coordinators...

I am pleased to say that the Trauma Coordinators and Registrars have been invited to participate in the 41st Annual Wyoming Trauma Conference in Cheyenne, August 18-21st, 2011!

There are many of you who have participated in the that conference in the past, how-

ever this year we have our own block of time. During this conference/training, we will also have a state meeting for all of you as well!

This training will be very beneficial to every one of our coordinators, but especially for those of you who are new to the Wyoming Trauma System.

When the agenda for the conference is complete, I will get those out to you so you can
