#### The Wyoming Office of Emergency Medical Services

has initiated a bar code check out system for educational materials (videos, slides, manikins, etc.). This system catalogs training aids to enhance training opportunities and provide continuing education to emergency medical services providers.

### **FAQ's, Frequently Asked Questions:**

How do I check out educational materials from the EMS Office?

To check items out from the EMS Office:

- 1) For Wyoming credentialed EMS providers; Select the material from our catalog by Item #, call the EMS Office and give your EMT certification # and the items you wish to check out.
- 2) For non-credentialed EMS providers; Please call the EMS Office for check out availability.

How long can I check out educational materials?

Educational materials are set for 2 week (not including weekends) check out periods. After 2 weeks, the system will list the item as overdue.

Where can I find the latest catalog update?

The Office of Emergency Medical Services will be updating this materials in the catalog regularly. The catalog is published in its entirety on the EMS Office's web site. To access the web site, go to www.health.wyo.gov/sho/ems/trainingequipment "and click on the Educational Materials Catalog" link.

How do I view the "Web Catalog" on my computer?

The computer must be online with the internet and a web browser open the EMS Offices's web site. The "Web Catalog" is published to the web site in Adobe Acrobat format. You may download a free version of Adobe Acrobat Reader from http://www.adobe.com

I noticed errors in the check out catalog. How do these get corrected?

The EMS Office is working to improve this catalog regularly. If errors or updates are observed, please let us know.

Who is responsible for the training materials checked out?

The person checking out the equipment is responsible for its use and presentation of the material. The EMS Office provides this as a service to EMS Instructors, ATLS programs and others. The EMS Office is not responsible for how the instructor presents the material.

#### Understanding the EMS/IC Bar Code Designation Number(s):

The EMS/IC bar codes are set up in a series of numbers. Two numbers, followed by a dot, then three numbers and followed by a letter.

Example "20.400a"

The legend below describes the numbering system design.

- Item number designation "XX.YYYZ"
- "XX" Numerical designation for Training/Equipment Category followed by a decimal
- "YYY" Numerical designation for media
- "Z" is Alphabetical designation for duplicate item
- Example: 10.154b is a DVD for roles and responsibilities and is copy 2 of this item

#### **Media Description:**

The numbers after the decimal represent the media: Example ".429" is a video.

.001 through .199	DVD
.200 through .399	CD
.400 through .599	Video
.600 through .799	Slides
.800 through .899	Miscellaneous

#### To search for a specific item (Web Site Only):

Use the search feature in your browser by pressing and holding the "Ctrl" key then depressing "F" and releasing the "Ctrl" key. Type in the word you are looking for then press the correct search function.

Training Media Designated by category.

The first two numbers in the item # are categorized by continuing medical educational requirements:

EMT Basic Training Media

Training Sets

Visit us on the web at
www.health.wyo.gov/sho/ems/trainingequipment.html

#### The Wyoming Office of Emergency Medical Services

has initiated a bar code check out system for educational materials (videos, slides, manikins, etc.). This system catalogs training aids to enhance training opportunities and provide continuing education to emergency medical services providers.

### **FAQ's, Frequently Asked Questions:**

How do I check out educational materials from the EMS Office?

To check items out from the EMS Office:

- 1) For Wyoming credentialed EMS providers; Select the material from our catalog by Item #, call the EMS Office and give your EMT certification # and the items you wish to check out.
- 2) For non-credentialed EMS providers; Please call the EMS Office for check out availability.

How long can I check out educational materials?

Educational materials are set for 2 week (not including weekends) check out periods. After 2 weeks, the system will list the item as overdue.

Where can I find the latest catalog update?

The Office of Emergency Medical Services will be updating this materials in the catalog regularly. The catalog is published in its entirety on the EMS Office's web site. To access the web site, go to www.health.wyo.gov/sho/ems/trainingequipment "and click on the Educational Materials Catalog" link.

How do I view the "Web Catalog" on my computer?

The computer must be online with the internet and a web browser open the EMS Offices's web site. The "Web Catalog" is published to the web site in Adobe Acrobat format. You may download a free version of Adobe Acrobat Reader from http://www.adobe.com

I noticed errors in the check out catalog. How do these get corrected?

The EMS Office is working to improve this catalog regularly. If errors or updates are observed, please let us know.

Who is responsible for the training materials checked out?

The person checking out the equipment is responsible for its use and presentation of the material. The EMS Office provides this as a service to EMS Instructors, ATLS programs and others. The EMS Office is not responsible for how the instructor presents the material.

#### Understanding the EMS/IC Bar Code Designation Number(s):

The EMS/IC bar codes are set up in a series of numbers. Two numbers, followed by a dot, then three numbers and followed by a letter.

Example "20.400a"

The legend below describes the numbering system design.

- Item number designation "XX.YYYZ"
- "XX" Numerical designation for Training/Equipment Category followed by a decimal
- "YYY" Numerical designation for media
- "Z" is Alphabetical designation for duplicate item
- Example: 10.154b is a DVD for roles and responsibilities and is copy 2 of this item

#### **Media Description:**

The numbers after the decimal represent the media: Example ".429" is a video.

.001 through .199	DVD
.200 through .399	CD
.400 through .599	Video
.600 through .799	Slides
.800 through .899	Miscellaneous

#### To search for a specific item (Web Site Only):

Use the search feature in your browser by pressing and holding the "Ctrl" key then depressing "F" and releasing the "Ctrl" key. Type in the word you are looking for then press the correct search function.

Training Media Designated by category.

The first two numbers in the item # are categorized by continuing medical educational requirements:
